

***Can people still  
be buried here?***

**YES!**

We are a fully operating cemetery. We still have burial space located in different areas around the cemetery. We also have areas to bury cremated remains. The money collected from the sale of burial lots goes back into the upkeep of the cemetery. Contact us at [emca1859@gmail.com](mailto:emca1859@gmail.com) for more information on the options.

***Do you  
have to be  
a Mason?***

**NOPE!**

In fact, it wasn't necessary to be a Mason when the cemetery was formed in 1859. However, it was Eugene Lodge No.11 A.F. & A.M. that agreed to donate the land for Eugene's first cemetery. The term Masonic has been kept in the cemetery's name as a reminder of our origin.

You can find the Eugene Masonic Cemetery's main entrance at 25<sup>th</sup> and University in Eugene. Secondary entrances are located all around the cemetery grounds. The gates are open for special events, burials and on the last Sunday of each month (except December.)

**EUGENE  
MASONIC  
CEMETERY  
ASSOCIATION**

**Frequently  
Asked  
Questions**

**Does the  
City of  
Eugene  
own this?**

**NOPE!**

The Eugene Masonic Cemetery Association, which is a non-profit entity, has owned and operated the cemetery since 1995. This association has restored the mausoleum, reduced vandalism and litter, and worked on the native landscape including all the path maintenance. The money for all of this work comes from plot sales, donations and grants.

**NOPE!**

This cemetery is actually private property, which is open to the community to use. That's why we post rules of use, and ask people to follow them.

**But it's a park, right?**

**Can I bring my  
dog?**

**YES, ON A LEASH.**

This is strictly enforced. Please dispose of dog waste too, of course.

**Do you have famous  
people buried  
here?**

**YES, WE DO!**

We've got the movers and shakers of the early days of "Eugene City" here. We provide a walking tour map that will show you where they are buried. You will also recognize other names from the not so distant past as you wander around.

**Why are you  
in such an  
odd place?**

**WELL, WE'RE ON A HILL..**

which in 1859 would have had a nice view in all directions. The city didn't extend past 18th Ave. back then. The streets have since surrounded us in an unusual way, but our main entrance is on E. 25th, just east of Potter St. **Look for Main Gate improvements coming soon.**

**Is your  
mausoleum  
open?**

**YES, AND IT'S WORTH THE  
VISIT!**

It was built in 1914, and is open for visiting on the last Sunday of Jan. - Nov. from 1-4 pm. Of course we are open during Memorial Day Weekend. You can always call us if you need to visit some other time outside of those hours. [541-684-0949](tel:541-684-0949). During the summer and fall months we also hold concerts in here, on the last Sunday of the month.
